EDUCATION

Banasthali Vidyapith

Bachelor of Technology in Computer Science Engineering (CGPA: 9.80/10)

Rajasthan

2024 – 2028

Class XII (CBSE)

93%

2023

Class X (CBSE)

94%

2021

TECHNICAL SKILLS

- **Programming Languages:** C, C++, Java, Python, SQL
- **Computer Science Fundamentals:** Data Structures & Algorithms, Object-Oriented Programming, Database Management Systems, Operating Systems
- **Web Technologies:** HTML, CSS, JavaScript, Flask, REST APIs
- **Machine Learning:** Machine Learning Basics, Model Training, Prediction Systems
- **Databases:** MySQL, SQLite
- **Developer Tools:** Git, GitHub, VS Code, Vercel

PROJECTS

PinkCare AI | *Python, Flask, HTML, CSS, ML Basics* | GitHub | Live Demo

- Developed an AI-based healthcare application that predicts possible diseases using user-entered symptoms.
- Integrated a trained machine learning model with Flask backend to generate disease predictions.
- Created a user-friendly web interface using HTML and CSS for better accessibility.

Ganga River Monitoring System | *HTML, CSS, JavaScript* | GitHub | Live Demo

- Developed a web platform for reporting and monitoring river pollution incidents.
- Implemented structured reporting forms to collect pollution details and improve issue tracking.
- Deployed the application using Vercel for public accessibility.

Recipe Hub | *HTML, CSS, JavaScript, REST API* | GitHub | Live Demo

- Built a recipe search application to discover recipes using keyword-based search.
- Integrated a public REST API to dynamically fetch recipes, ingredients, and instructions.
- Designed a responsive interface for improved usability across devices.

DeafMute SOS | *HTML, CSS, JavaScript* | GitHub | Live Demo

- Developed an emergency assistance platform to support deaf and mute users during critical situations.
- Implemented SOS-based reporting features with a simple and accessible interface.
- Focused on improving accessibility through intuitive design and quick emergency interaction.

CERTIFICATIONS

- **Google Data Analytics Professional Certificate** – Google
- **Python Essentials 2 Certification** – Cisco Networking Academy (2025)
- **24-Hour Hackathon Certificate** – College Hackathon Participation

ACHIEVEMENTS

- Achieved **CGPA: 9.80/10** in B.Tech Computer Science Engineering.
- Solved 150+ Data Structures and Algorithms problems on LeetCode and HackerRank.
- Built and deployed multiple software projects using GitHub and Vercel.

RELEVANT COURSEWORK

- Data Structures and Algorithms, Object-Oriented Programming, Database Management Systems
- Operating Systems, Computer Networks, Computer Organization and Architecture
- Software Engineering, Machine Learning Fundamentals
